8.(1) The commission must approve an initiating request if satisfied— 13

(2) For subsection (1)(c), the commission may be satisfied that not less than 400 signatories to an initiating request are electors, if they declare they are electors and sign their names before a justice of the peace or before an elector authorised in writing by the contact officer of the sponsoring committee, who certifies that he or she is satisfied as to their identity, and the means by which he or she is so satisfied.

(3) For this section, a person is taken to be an elector if the person was an elector when he or she signed the initiating request.

(5) If, after being asked to approve an initiating request, the commission decides not to approve the request, the commission must give the applicant a statement of reasons about the decision.

(6) The commission may decline to approve an initiating request if it deals with 2 or more subjects that are not directly or indirectly related.

Registration of proposal

9. On approving an initiating request, the commission must—

- (a) register the legislative proposal in the terms set out in the request; and
- (b) publish in the gazette a notice in accordance with the notice set out in schedule 1.

Form of popular request

10. An elector may address to the commission a popular request, substantially in accordance with the form set out in schedule 2, that the people of Queensland be permitted to decide by referendum whether the law of Queensland should be altered in accordance with a registered legislative proposal set out in the popular request.

Submission of popular request

11.(1) A popular request must be signed within 12 clear months after the date of the publication in the gazette of the notice of registration of the relevant registered legislative proposal under section 9(b).

(2) A popular request submitted later than 1 month after the end of the period mentioned in subsection (1) must be disregarded for this division.

Requirements of popular request

12.(1) The commission, on being satisfied the popular requests received for a registered legislative proposal bear the signatures of not less than the required number of electors, must, as soon as practicable, publish in the gazette a notice stating—

- (a) the registered legislative proposal set out in the notice has been supported by the required number of electors; and
- (b) a proposed law that gives effect to the objects of the registered legislative proposal may, in accordance with this Act and the *Referendums Act 1997*, be put to a referendum.

(2) The commission, on being satisfied that the popular requests received for a registered legislative proposal set out in a notice published under subsection (1) bear the signatures of not less than 5% of the number of electors who were entitled to vote at the preceding general election of members of the Legislative Assembly, must, as soon as practicable, publish in the gazette a further notice stating—

- (a) the registered legislative proposal set out in the notice has been supported by that number of electors; and
- (b) the proposal is a qualified legislative proposal.

(3) The commission may be satisfied for subsection (1) or (2) if, having checked a sample of not less than 1 000 signatories chosen at random from the signatories to popular requests notified to it by the contact officer as signatories to the popular request, and having applied an appropriate statistical method to the sample, it is satisfied it is reasonable to conclude that the number of signatories to the popular requests who are electors would be not less than the required number or the number specified in subsection (2), as the case requires.

Community-Based Referendum

- (4) The commission must notify in writing the contact officer of the sponsoring committee of the publication of a notice under subsection (1) or (2). 1

5
6
- (a) cancel the registration of the legislative proposal; and 7
 - (b) publish in the gazette notice of the cancellation; and 8
 - (c) give a statement of reasons about the publication to the person who last held the office of contact officer of the sponsoring committee, and to each other member of the sponsoring committee. 9
10
11
12
- (6) For this section, a person is taken to be an elector if the person was an elector when he or she signed the popular request. 13
14
- (7) A signatory to an initiating request is taken to be a signatory to the relevant popular request. 15
16
- (8) A signatory may be counted only once as a signatory to a popular request for any purpose. 17
18

- (11) Sponsoring committees for popular requests may, through their respective contact officers, notify the commission in writing that the signatories to their respective popular requests are to be taken to be signatories to the 1 popular request for the proposed law in relation to those objects that are common to the popular requests. 29
30
31

(12) On the notification, the signatories are taken to be signatories to the 1
popular request for the proposed law in relation to those objects. 2

(13) Where a sponsoring committee through its contact officer gives 3
written notice to the commission that the registered legislative proposal set 4
out in the popular request appears to be supported by the required number 5
of signatories, or the number of signatories mentioned in subsection (2), as 6
the case may be, the commission must, as soon as reasonably practicable 7
after receiving the notice, satisfy itself whether the popular requests have 8
been so supported. 9

(14) In this section— 10

“popular request” does not include a request that is required to be 11
disregarded under this division. 12

“required number” means 2% of the number of electors who were 13
entitled to vote at the preceding general election of members of the 14

13.(1) The commission must cancel the registration of a registered 19
legislative proposal if, before a copy of a proposed law that gives effect to 20
the objects of the proposal is given to the Speaker under section 16(1), the 21
commission is satisfied that the relevant sponsoring committee has ceased 22
to exist. 23

(2) For subsection (1), the commission may be satisfied a sponsoring 24
committee has ceased to exist if the commission has given to the contact 25
officer, and to each other member of the sponsoring committee, written 26
notice of the commission’s intention to cancel the registration of the 27
registered proposal under subsection (1) and— 28

(a) no response has been received within 1 month of the date of the 29

(b) from the responses received it is reasonable to conclude that the 31
committee has ceased to exist. 32

Community-Based Referendum

(3) If the commission decides to cancel a registration under subsection (1), the commission must give a statement of reasons for the decision to the person who appears to the commission to be the person who last held the office of contact officer of the sponsoring committee, and to each other member of the sponsoring committee.
